

Agassiz Provincial Forest Cross-Country Ski Trails

Lac du Bonnet Cross-Country Ski Club Agassiz Trails

Cross-Country Ski Trails

Ridge Trail	Orange	2.7km
Jack Rabbit Trail	Green	4.5km
Pine Cone Trail	Blue	3.0km
Sky Way Trail	Red	2.8km

Please note that total trail length is based on an out-and-back (or round-trip) ski.

If you ski every trail segment at least once (which means some trail segments are skied twice) then you will ski a total distance of 11.2km!

The Lac du Bonnet Cross-Country Ski Club would like to invite all cross-country skiers to try our trails - the Agassiz Trails. These trails are located 90km northeast of Winnipeg and 15km west of Lac du Bonnet.

We have 10.1km of trails that wind through rolling gravel ridges surrounded by pine and spuce bogs with the occasional poplar bluff.

A lot of skiers appreciate the gentle inclines which allow for very early tracking of the trails in the winter. We like to encourage eager skiers to try our trails both early and late in the season when many rockier trails aren't skiable.

Please support trail maintenance. Only by your donations and membership are these trails possible.
