

## TOWN OF LAC DU BONNET

**Minutes of the special meeting of Council held on November 4, 2011, at 2:30 p.m. in the Town of Lac du Bonnet Council Chambers called to meet with J.R. Cousin Consultants to discuss the Lagoon and other items.**

**Present:** Town of Lac du Bonnet – Deputy Mayor Plato, Councillors Fontaine and Kyne,

Assistant Twila Stamler

J.R. Cousin Consultants –Jeff Dyck

**Excused:** Councillor Ken Lodge

Deputy Plato called the meeting to order at 2:30 p.m.

Discussion took place on the following:

- 1) Engineer – discussions on lagoon capacity study – Jeff Dyck made comments on Manitoba Conservation Wastewater Treatment Lagoon – Capacity Assessment. Public Works Manager and Jeff Dyck went on site previous to this meeting. Jeff's recommendations were as follows:
  - Manitoba Conservation to be notified and emergency discharge should be done asap to bring levels down as low as they can go to avoid emergency dumps.(Secondary cell – 6")
  - Public access should be restricted to lagoon
  - Manhole cameras through sewer system to see if there is any leakage
  - Any properties draining their water into our sewer system should be tagged and notified to stop this practice
  - Rubble should be moved from the entrance of lagoon
  - Vegetation to be cut down on inside and outside slope
  - Sludge test to be initiated, though not pressing
  - Wildlife must be eliminated at all times
  - A storm system would be a positive addition and would eliminate the need for residents water draining into sewer

Council directed Public Works Manager Avanthay to carry out the Town Engineers recommendations.

- 2) Wade pool/Splash Pad Project. The question was to go with a wade pool which would also require a lifeguard on duty or a splash pad which would only need to be checked once a day for chlorine levels and water samples. The consensus of council was unanimous to go with the splash pad project.
- 3) Ball Diamond – issues and location. Council directed that more information was needed from Ball Diamond people as to their preference. Tabled to next meeting.
- 4) 52 Park Condominiums – Sidewalk. Tabled to next meeting.

5) Back lanes to be done this year. Public Works Manager to call contractor.

Adjourn 3:55 p.m.
